

Ross Lovegrove drew inspiration from the unique diversity in culture and architecture of İstanbul, immersing himself in its ceramic arts and its calligraphy with its graphic yet liquid, sensuous and organic properties.

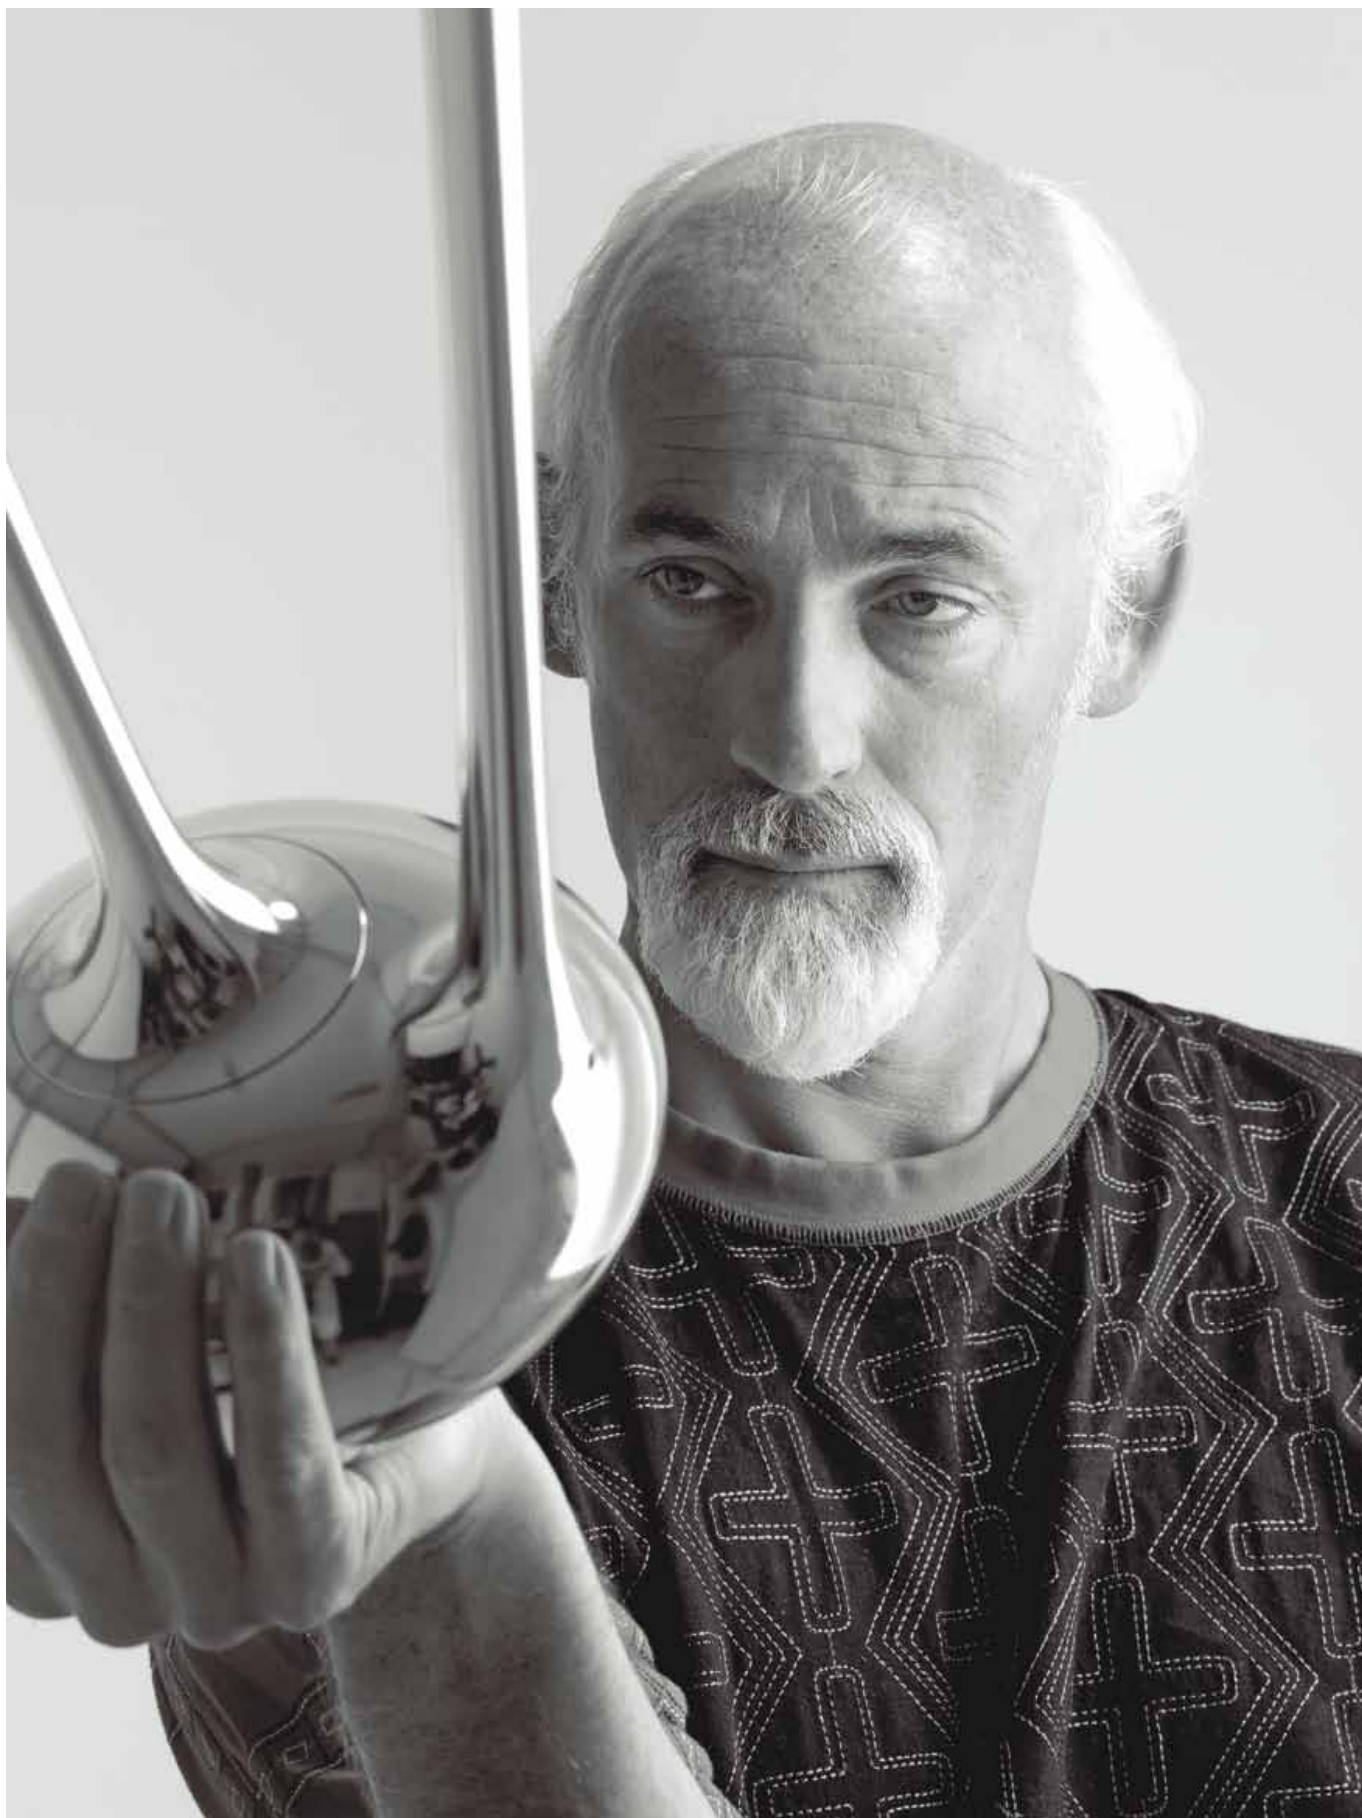

VitrA and Lovegrove collaboration has produced 3 fascinating designs; İstanbul, MOD and Freedom.

The İstanbul Collection was the result of Ross Lovegrove's reflection upon water: Its flow, its ability to envelope the human form, and its inherent beauty.

The MOD Collection, a brand new sense of style by using up less material and designed to consume less water; but definitely remunerating that "less is more".

The Freedom Collection defies convention to create uninterrupted forms that flow like sculpture, yet more animate in the most sophisticated way.

The ultimate bathroom experiences that have risen from VitrA and Ross Lovegrove collaboration.

One of the most interesting and fascinating designers of the 21st century, and a recipient of countless awards, Lovegrove's work explores the creation of sculptural and organic shapes using sophisticated technology and materials. His design concept 'organic essentialism' is inspired by elements and aesthetics taken from the natural world and reshaped in futuristic forms. Sharing Vitra's passion for substantial innovation and design excellence, Ross Lovegrove represents the brand as its spokesperson in various platforms.

Lovegrove.

Ross Lovegrove & Vitra Collaboration

2009

Freedom Collection launch

9 Sanitaryware, 11 furniture and 3 faucet products were introduced.

2010

İstanbul tiles relaunched.
MOD tiles launched.

İstanbul Collection

Lovegrove.

One İstanbul. One design language.
İstanbul Collection by Ross Lovegrove.

İstanbul, the physical and spiritual home of Vitra, is now the inspiration for a complete bathroom experience. Introducing Ross Lovegrove's İstanbul Collection for Vitra – products that flow together to create a single language in bathroom design. Through the study of a great city's diversity in culture and architecture, with its unique heritage in ceramics and calligraphy, Ross Lovegrove has created a fitting homage to İstanbul that remembers the past and imagines the future.

Products designed by:
ROSS LOVEGROVE

Architectural design by:
BRIGITTE WEBER

İstanbul 60 cm bowl and built-in basin mixer

İstanbul toothbrush holder and joystick basin mixer

İstanbul round bathtub, joystick bath/shower mixer with handshower (floor mounted)

Products designed by:
ROSS LOVEGROVE

Architectural design by:
ZEHRA UÇAR

Products designed by:
ROSS LOVEGROVE

Architectural design by:
BRIGITTE WEBER

Istanbul basin mixer with pop-up and toothbrush holder

Istanbul oval bathtub and wall-mounted bath mixer

Istanbul 60 cm washbasin with integrated pedestal and built-in basin mixer

Istanbul wall-hung WC pan and bidet, built-in bidet mixer, roll holder

Istanbul floor mounted bath/shower mixer

Istanbul round flat shower tray with seat

K890451 M 15x30 İstanbul decor 1 concave white glossy

K890462 M 15x30 İstanbul decor 2 convex white glossy

The shiny glazed tiles reproduce the organic forms of İstanbul series sanitaryware on their concave and convex reliefs, perfectly complementing the bathroom's aesthetic ambience.

MOD Collection

Lovegrove.

Less is more.

MOD Collection by Ross Lovegrove

A very special collection produced using up less material, less energy, less packaging and designed to consume less water.

MOD represents a brand new sense of style complementing individualized architecture and contemporary industrial design.

MOD 65 cm washbasin, 45 cm washbasin unit and joystick basin mixer

The furniture unit attached below the washbasin is a handy storage space

MOD close-coupled WC pan and cistern provides up to 60% water saving

MOD 65 cm washbasin and pedestal

MOD 80 cm washbasin with pedestal and joystick basin mixer

MOD joystick basin mixer with advanced aerator technology reduces water consumption by 60%

MOD square monoblock shower tray and joystick shower mixer

MOD tall unit
Practical and convenient tall unit provides
more storage space with shelves

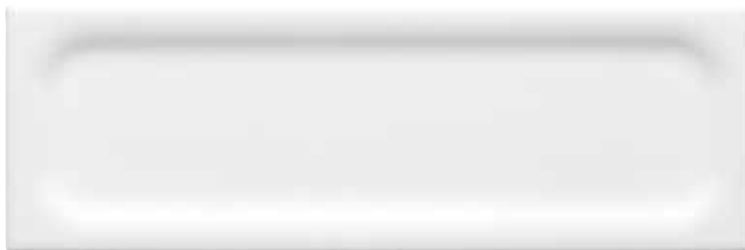

MOD wall hung WC pan, bidet and joystick bidet mixer

MOD 80 cm bowl, 120 cm washbasin unit and 55 cm mirror

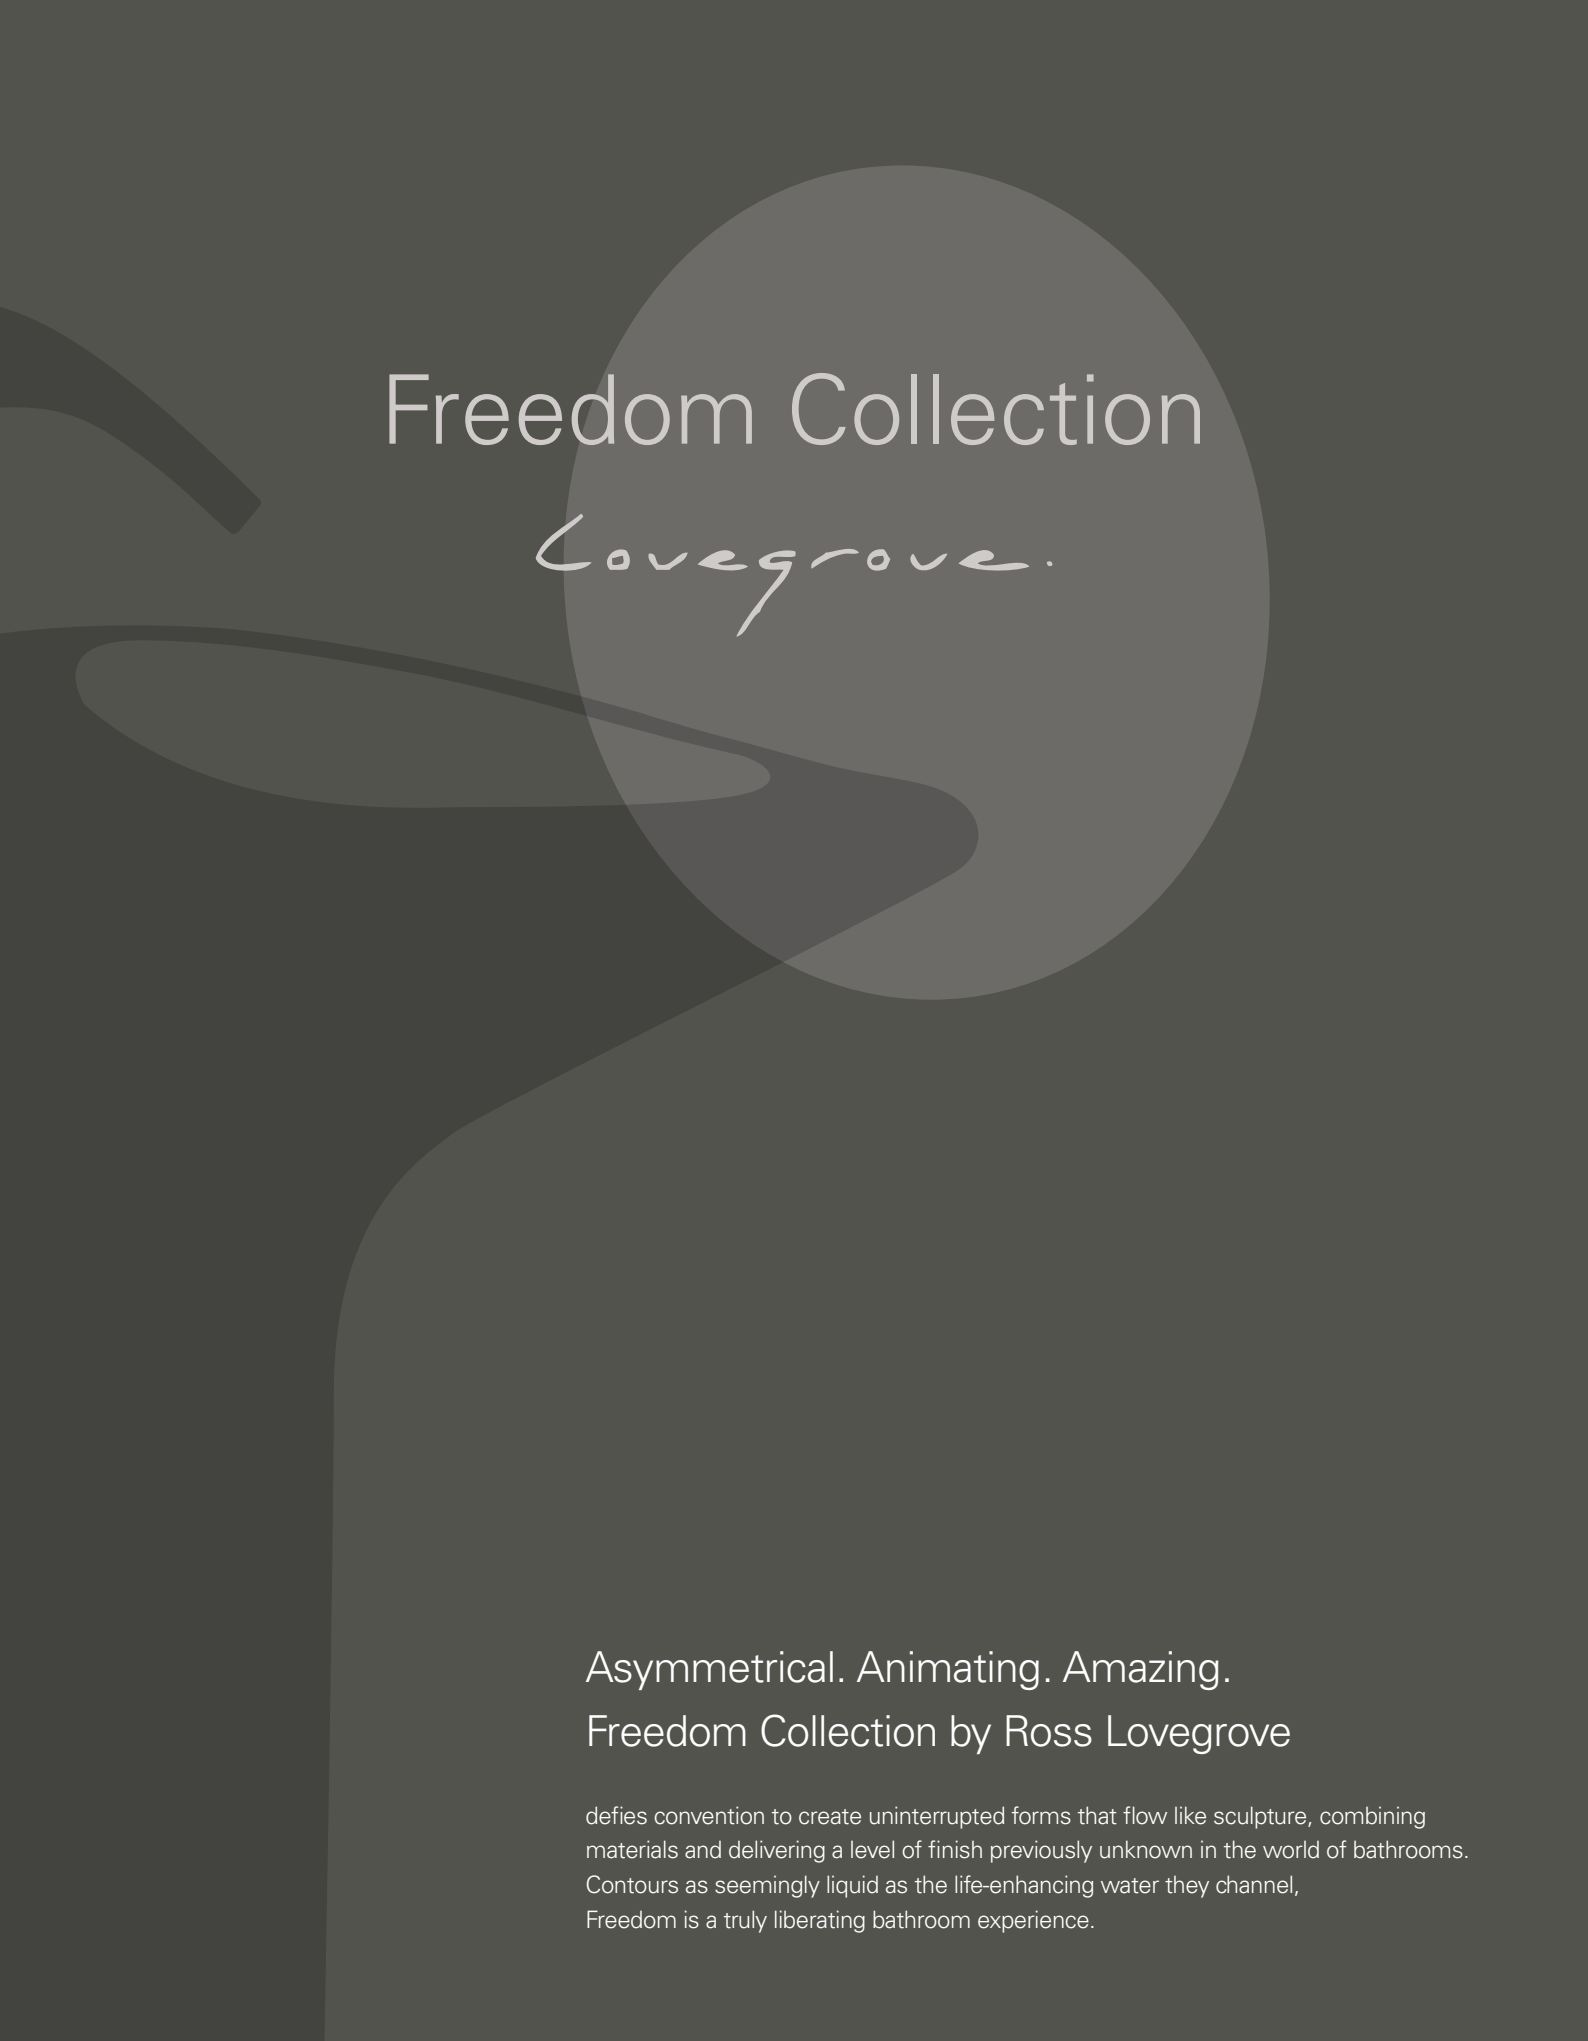

K890436 M10x30 MOD decor 1 concave white glossy

K890440 M10x30 MOD decor 2 convex white glossy

Offered in concave and convex patterns, the tiles accentuate the minimalist forms of MOD. Contoured tile surfaces create a gentle wave of reflections, enhancing the architectural tone of the bathroom space.

Freedom Collection

Lovegrove.

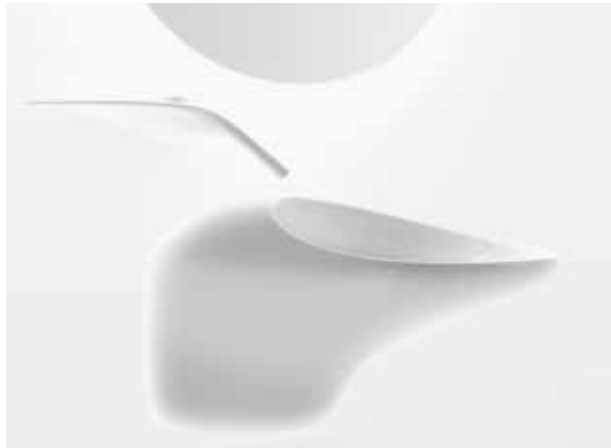

Asymmetrical. Animating. Amazing.

Freedom Collection by Ross Lovegrove

defies convention to create uninterrupted forms that flow like sculpture, combining materials and delivering a level of finish previously unknown in the world of bathrooms. Contours as seemingly liquid as the life-enhancing water they channel, Freedom is a truly liberating bathroom experience.

Freedom 65 cm wall-hung washbasin and
Freedom built-in basin mixer

Freedom 65 cm wall-hung washbasin and
İstanbul built-in basin mixer

Available in white, faucets are equipped with light mechanism that changes colour from blue to red to indicate water temperature. Light fades in and out depending on water flow. Temperature and water flow preferences can be recorded for three different users. "Cleaning Mode" ceases water flow automatically and saves precious water.

Drawer finishing with 3D texture creates a striking effect. Large or small drawer options in a glossy white and black are available according to different requirements. For premium functionality and simplicity, drawers are equipped with easy push-to-open mechanism.

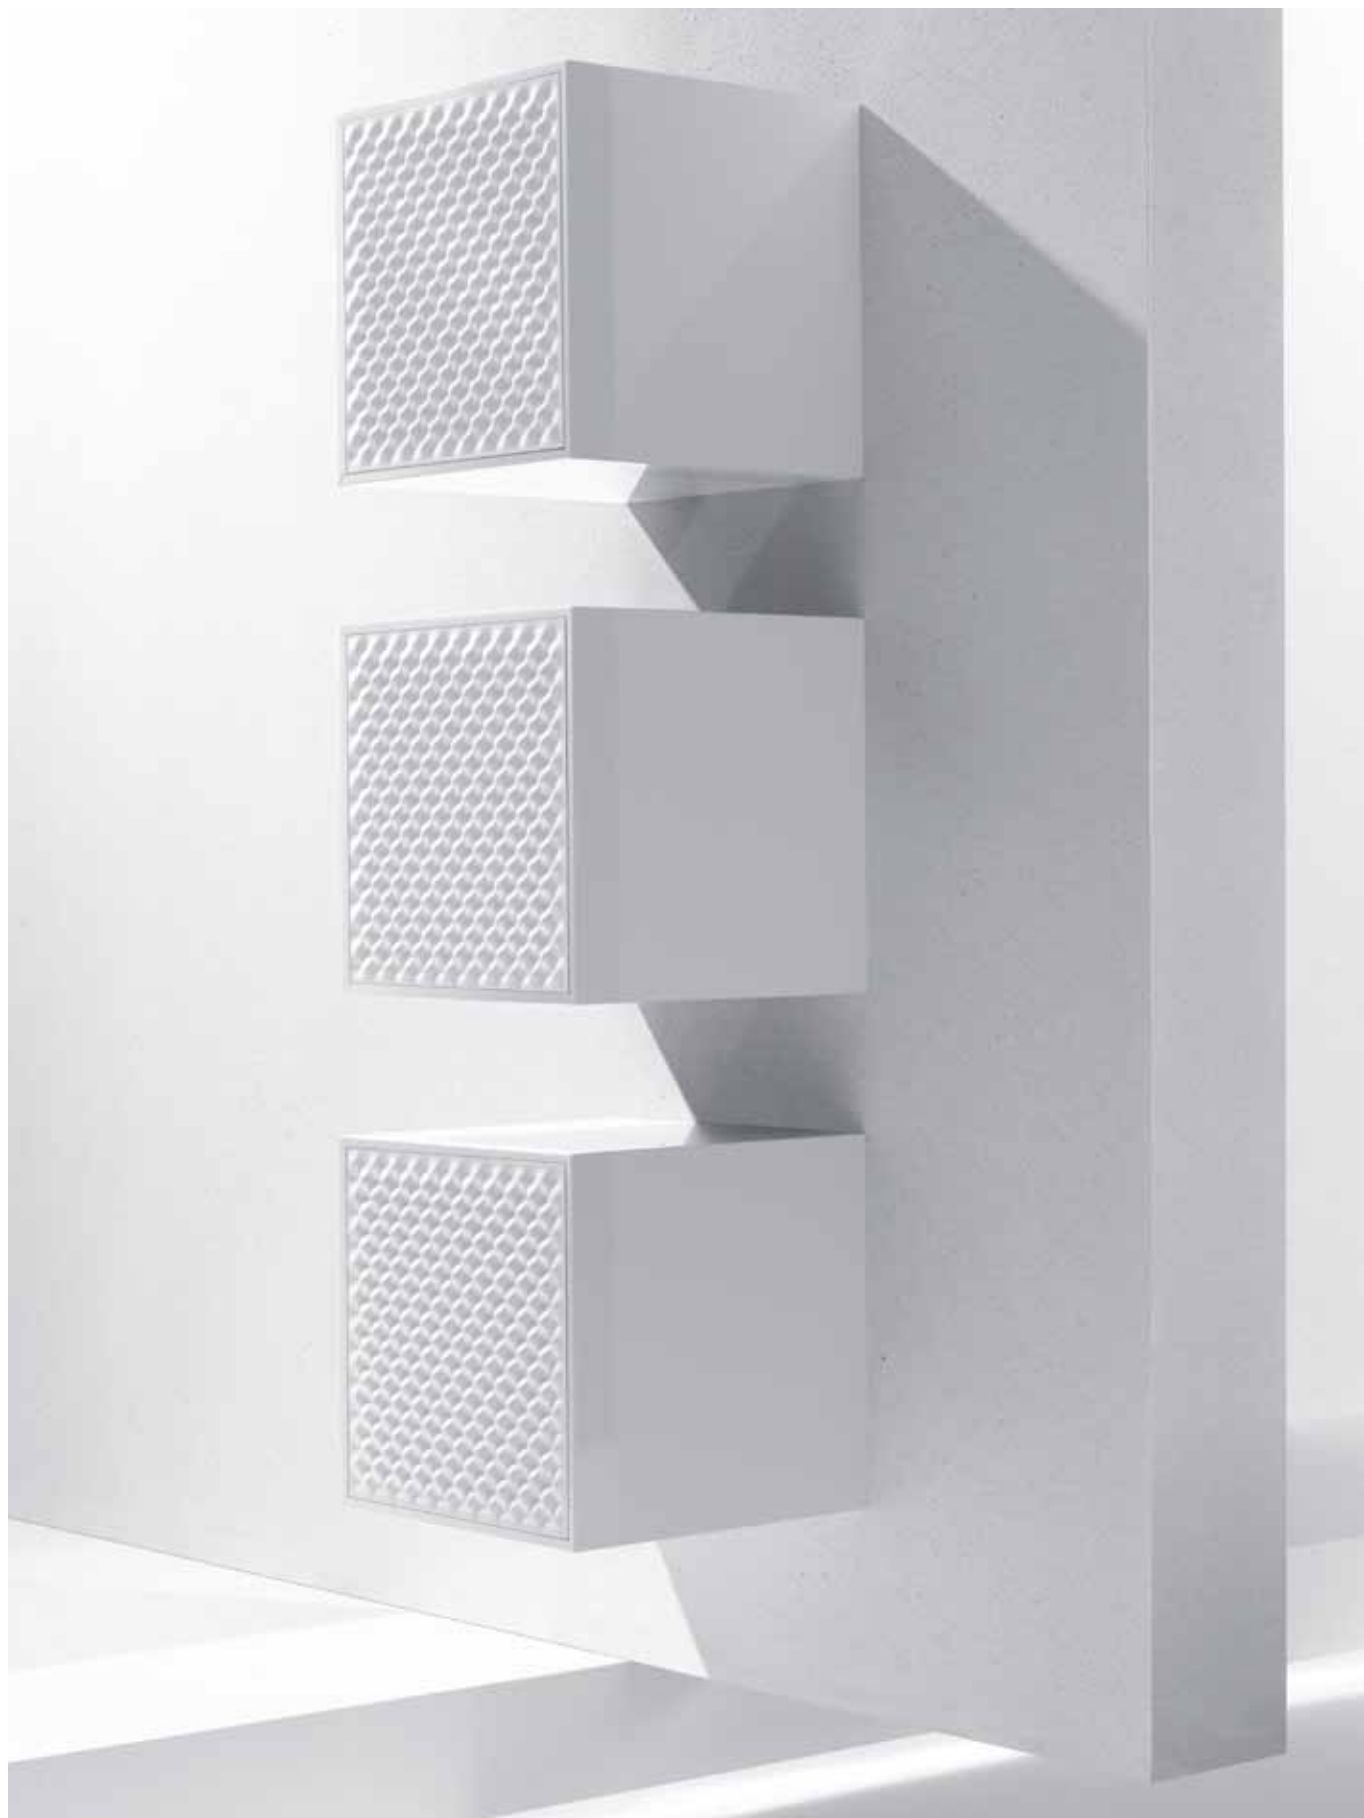

Freedom wall-hung WC pan, bidet and built-in basin mixer

The circular lined WC pan characterising the asymmetrical ceramic design available in wall-hung and floor standing versions with soft-closing WC seats. Easy cleaning as well as a clean form is achieved with hidden wall-mounted assembly technology.

Blue Life

For our blue planet...

A pledge to the future.

Key data in diverse fields indicate the world could be at a critical juncture in terms of sustainability. The future of our blue planet is at stake, and as a major producer in the consumer goods sector with a global audience, VitrA is strongly aware of its responsibilities. Conservation of natural resources has long been a basic principle of the brand. Blue Life is set of guidelines embraced by VitrA to protect and preserve the living world. VitrA upholds Blue Life as a production, design and management philosophy.

WATER SAVING

Fresh water, one of the earth's most valuable resources, is fast running out – as much due to an irresponsible attitude towards water usage as to environmental reasons. The new 2.5/4 lt Water Conserving WCs by Vitra provide efficient flushing with less water, helping you cut down excess water usage in the bathroom. Developed by Vitra with special cistern structures and highly efficient low-flow internal mechanisms, the new WCs are certified for lowest water consumption by EU standards. An upper limit can be set on water flow by adjusting Vitra faucet's special cartridge. While ordinary cartridges supply 20 L/min. flow under 3 bar pressure, the special cartridge with flow limiter limits the flow to 2 L/min allowing up to %90 water conservation.

ENERGY SAVING

The temperature adjustable cartridge of Vitra faucets are designed to save heating energy. Specially developed, the hi-tech cartridge allows you to set a maximum temperature to avoid waste of power.

NO STAIN

Vitra_{clean}

Limescale is persistent in most bathrooms.

VitrAclean technology is a special double-glazing process that makes washbasins, WC pans, urinals and bidets water repellent. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years.

NO BACTERIA

Vitra_{hygiene}

In moist environments, an extra degree of protection is needed to deter bacteria. VitrAhygiene is a unique glazing process available on all ceramic sanitaryware (washbasins, WC pans, bidets and urinals). By adding silver ions to the raw glaze it offers almost 100% protection against the spread of bacteria. Extremely hard-wearing, VitrAhygiene glaze will last the lifetime of any product it's been applied to.
