CARPINO Antonio Citterio 2010

Carpino, disponibile nella versione rettangolare 250 x 105 cm ed in un'unica altezza di 74 cm, è caratterizzato dalla soluzione del piano realizzato a listelli trasversali in legno di Iroko spazzolato che si compongono intervallando varie misure e una struttura in alluminio verniciato bianco.

Carpino, available in a rectangular version 250 x 105 cm with a height of 74 cm, is characterised by the top made of crosswise brushed Iroko wood slats arranged with alternating pieces of various lengths and a white painted aluminium frame.

Piano	listelli di legno Iroko spazzolato
Struttura	fusione ed estrusi d'alluminio
Finitura struttura	verniciatura a polvere poliestere bianca
Puntali	materiale termoplastico

Top	brushed Iroko wood laths
Frame	die-cast aluminium and extrusions
Frame finish	white polyester powder painting
Ferrules	thermoplastic material

MIRTO Antonio Citterio 2013

Nasce un classico: con questo spunto debutta la nuova collezione outdoor che esprime l'eleganza stabile e riconoscibile del suo autore. Un lettino con schienale reclinabile manualmente e una poltroncina pieghevole sono l'inizio di una serie, destinata ad arricchirsi, che abbina rete e metallo. Il primo si sviluppa a partire da un ponte in alluminio pressofuso: un segno dove contano le proporzioni e gli spessori. In sostituzione delle ruote si avvale di due piccoli rulli discreti, che consentono lo scorrimento, collocati su uno dei due traversi. La poltroncina pieghevole rielabora il lessico della classica tipologia da regista, con dettagli accurati. Due i colori, bianco e tortora, sia per la rete sia per le parti metalliche. Per arredi monocolore o con profili a contrasto.

A classic is born: a new outdoor collection debuts with this idea, expressing stable elegance. We can tell who created it merely by observing. A cot with manually reclinable backrest and a small folding armchair are the beginning of a series of mesh and metal furnishings, which is surely destined to grow. The first piece starts with a die-cast aluminium bridge-like frame: a sign where proportions and thicknesses count. Instead of wheels, it has two small and very discreet rollers that allow it to move, placed on one of the two crosspieces. The folding armchair revisits the classic shape of the director's chair, with precise details. the mesh and metal parts are finished in two colours, white and tortora. For furnishings of a single colour or with contrasting profiles.

CANASTA Patricia Urquiola 2007

CANASTA Patricia Urquiola 2007

Famiglia di sedute caratterizzata dal macro-intreccio di nastri in fibra di polietilene bianca o bronzo. Molteplici le tipologie: divani circolari e lineari, poltrone, sedie, chaise longue ed elementi di servizio che prevedono l'utilizzo di rivestimenti tessili esclusivi nelle varianti unite, mélange e in fantasie dai numerosi colori. Tutte le sedute di grande comfort hanno la struttura in alluminio verniciato a polvere poliestere resistente agli agenti atmosferici e sono disponibili nei colori bianco o bronzo con intreccio in fibra di polietilene in tinta con la struttura. La seduta circolare può portare una leggera capote ripiegabile che riduce fino al 92% il passaggio dei raggi del sole ed essere dotata di una base girevole a 360°. La collezione Canasta si completa di tavoli ed elementi di servizio in diverse dimensioni. I tavoli hanno la struttura in alluminio mentre gli elementi di servizio in acciaio. Entrambe le strutture sono verniciate a polvere poliestere resistente agli agenti atmosferici (colore bianco per i tavoli, bianco o nero per gli elementi di servizio) e piani rivestiti con piastrelle esclusive che recuperano i motivi decorativi dei tessuti in collezione.

Struttura	alluminio
Finitura struttura	verniciatura a polvere poliestere bianca o bronzo
Intreccio	polietilene bianco o bronzo
Cuscini sedile	poliuretano sagomato, fodera in fibra di poliestere con trattamento idrorepellente
Cuscini schienale	fibra di poliestere, fodera in fibra di poliestere con trattamento idrorepellente
Basamento chaise longue (CN101L)	acciaio inox satinato
Materassino (CN101L)	tessuto Brio bianco o nero
Struttura capote (CN160P1C)	vetroresina verniciata
Meccanismo capote (CN160P1C)	acciaio elettrolucidato, alluminio anodizzato
Rivestimento capote (CN160P1C)	tessuto Bolero bianco o bronzo
Ruote (CN160P1W)	materiale plastico nero, poliuretano elastomerico
Perno ruote (CN160P1W)	acciaio inossidabile elettrolucidato
Struttura tavoli ed elementi di servizio	lamiera d'acciaio verniciato bianco o nero
Piano tavoli	gres porcellanato e gres porcellanato colore cemento
Piano elementi di servizio	gres porcellanato
Puntali	materiale termoplastico
Telo di copertura	poliestere su supporto sintetico
Rivestimento	tessuto in categorie limitate

A family of seating featuring a maxi-interlacing of polyethylene fibre ribbon in white or bronze. There are many typologies: circular and linear sofas, armchairs, chairs, chaise longue and service elements that have fabric covers made of exclusive material in the variations of plain colour, mélange and multi-coloured design. All these very comfortable seating have frames in aluminium with weather resistant polyester powder painting. They are available in the colours white or bronze, with interlacing in polyethylene fibre in the same colour as the frames. The circular seat can also be fitted with a light foldable canopy that reduces the passage of sunlight by up to 92%. The seat can also have a swivel base that rotates 360°. The Canasta collection includes tables and service elements in different sizes. The tables frames are in aluminium and the service elements frames are in steel. Both frames are painted with weather resistant polyester powder (white for the tables, black or white for the service elements). The tops are covered with exclusive tiles that reflect the decorative patterns of the fabrics in the collection.

Frame	aluminium
Frame finish	white or bronze polyester powder painting
Interlacing	white or bronze polyethylene
Seat cushions	shaped polyurethane, cover in water repellent polyester fibre
Back cushions	polyester fibre, cover in water repellent polyester fibre
Chaise longue base-frame (CN101L)	satin stainless steel
Small mattress (CN101L)	white or black Brio fabric
Canopy frame (CN160P1C)	painted glass fibre
Canopy mechanism (CN160P1C)	electro polished steel, anodized aluminium
Canopy cover (CN160P1C)	white or bronze Bolero fabric
Wheels (CN160P1W)	black plastic material, elastomeric polyurethane
Wheels pin (CN160P1W)	electro polished stainless steel
Table and service element frame	black or white painted steel sheet
Table tops	porcelain stoneware
Service element tops	porcelain stoneware
Ferrules	thermoplastic material
Cover cloth	polyester on synthetic support
Cover	fabric in limited categories

CANASTA '13 Patricia Urquiola 2013

Canasta '13 di Patricia Urquiola si veste di color tortora melangiato grazie al nuovo filato in polietilene generatore di un intreccio che ricorda la collezione Crinoline della stessa autrice. Nuovi i tessuti per divani, poltrone, poltroncine, accompagnate da tavolini, in armonia con le nuove tonalità.

Struttura	alluminio
Finitura struttura	verniciatura a polvere poliestere tortora
Intreccio	polietilene tortora
Cuscini sedile	poliuretano sagomato, fodera in fibra di poliestere con trattamento idrorepellente
Cuscini schienale	fibra di poliestere, fodera in fibra di poliestere con trattamento idrorepellente
Struttura capote (CNC160P1C)	vetroresina verniciata
Meccanismo capote (CNC160P1C)	acciaio elettrolucidato, alluminio anodizzato
Rivestimento capote (CNC160P1C)	tessuto Balivo tortora materiale plastico nero, poliuretano elastomerico
Ruote (CNC160P1)	acciaio inossidabile elettrolucidato
Perno ruote (CNC160P1)	acciaio inossidabile elettrolucidato
Vassoio elementi di servizio	lamiera d'acciaio verniciato bianco o nero
Struttura tavoli	alluminio
Finitura struttura tavoli	verniciatura a polvere poliestere corten
Piano tavoli	gres porcellanato colore cemento
Puntali	materiale termoplastico
Telo di copertura	poliestere su supporto sintetico
Rivestimento	tessuto in categorie limitate

Canasta '13 by Patricia Urquiola is given a tortora melange makeover with the new polyethylene fibre, creating an interlacing that evokes the designer's Crinoline collection. The sofas, armchairs and small armchairs all feature new fabrics and are accompanied by small tables that harmonise with the new colours.

Frame	aluminium
Frame finish	tortora polyester powder painting

CRINOLINE Patricia Urquiola 2008

Sedie, poltroncine e poltrone sono declinate in tipologie diverse per forma e altezza. Ad intrecci in fibra di polietilene bianca-nera o bronzo-nera, si affiancano quelli in abaca naturale o bronzo. L'intreccio in abaca è realizzato in fibra d'abaca: trattandosi di fibra naturale, il prodotto con questa finitura è destinato all'utilizzo in ambienti interni, in esterni coperti o verande. Diverse le strutture di base: in acciaio inossidabile lucido oppure con finiture in contrasto o uguali alla seduta. La poltroncina a pozzetto è resa più scenografica dall'utilizzo di un poncho color naturale o bronzo, adagiato su sedile e schienale. Coerente con la serie Crinoline, il tavolo riprende le forme curve che caratterizzano le sedute e l'intreccio in fibra di polietilene, disponibile in due diverse versioni di finitura bianca-nera o bronzo-nera. La base si compone di due elementi uniti che creano una forma a calice che supporta i piani, realizzati in vetro bianco o in laminato HPL full color bianco con fresatura passanti a raggiera. Quest'ultima versione è predisposta per ospitare al centro un ombrellone.

Struttura base	alluminio verniciato a polvere poliestere bianco, nero o acciaio inossidabile lucido
Struttura base sedie (C1PF - C2PF)	acciaio inossidabile lucido
Struttura sedile e schienale	alluminio verniciato a polvere poliestere bianco o nero
Cuscini sedile	poliuretano sagomato, fodera in fibra di poliestere con trattamento idrorepellente polietilene o abaca
Intreccio	polietilene bianco-nero o bronzo-nero
Finitura intreccio	abaca naturale o grigia
Finitura intreccio	abaca naturale o grigia
Poncho	laminato stratificato HPL full color bianco o vetro acidato con retro-verniciato bianco
Piano tavoli	acciaio verniciato grigio
Basamento tavoli	termoplastico
Puntali	poliestere su supporto sintetico

Poncho poltroncina C3C_Poncho for small armchair C3C

0360G abaca grigio grey abaca	0203N abaca naturale natural abaca
--	---

Chairs, small armchairs and armchairs are designed in several different shapes and heights. The black-white and black-bronze polyethylene fibre interlacing are joined by natural or bronze abaca. The weave is made out of abaca fibre: being a natural material, the product is suitable for indoors, covered outdoor spaces or verandas. There are different base-frames: in bright stainless steel or with finishes that are either the same or contrasting with the seat. The tub small armchair becomes more scenographic with a poncho in natural or bronze abaca draped over the seat and over the back. The table reflects the style of the Crinoline series, with a curved shape like the seats and the interlacing in polyethylene fibre, available in two different finishes: black-white or black-bronze. The base is made of two connected elements that create a chalice shape that supports the tops, which are made of white glass or white full color HPL laminate with milled grooves in a radial pattern. This last version is designed to hold an beach umbrella in the centre.

Base-frame	black or white polyester powder painted aluminium
Chairs base-frame (C1PF - C2PF)	bright stainless steel
Seat and back frame	black or white polyester powder painted aluminium
Seat cushions	shaped polyurethane, cover in water repellent polyester fibre polyethylene or abaca
Interlacing	white-black or bronze-black
Polyethylene interlacing finish	finish natural or grey
Abaca interlacing	natural or grey abaca
Poncho	white full color HPL stratified laminate or etched white back-painted glass
Tables base-frame	grey painted steel
Ferrules	thermoplastic material
Cover cloth	polyester on synthetic support
Cover	fabric in limited categories

HUSK OUTDOOR Patricia Urquiola 2011-2013

Husk Outdoor si caratterizza per una scocca rigida in Hirek® ed una serie di cuscini soffici. Bianco è il colore della scocca, mentre il supporto fisso è disponibile verniciato in cinque varianti. Due le versioni della cuscinatura, a scelta di dimensioni più generose sulla seduta o sullo schienale, con rivestimento in tessuto tecnico in cinque varianti di colore. Della collezione Husk Outdoor fanno parte anche due tavolini: uno a tre razze ø 45 cm, disponibile nelle stesse varianti di colore dei basamenti delle poltrone; l'altro a quattro razze ø 62,5 cm, già proposto per spazi indoor, entra a far parte della collezione Outdoor con le versioni monocolor verniciato bianco, nero o Corten.

Husk Outdoor features a hard shell made of Hirek® and a set of soft cushions. The shell is white, while the fixed seat support is available painted in five colours. Cushions come in two versions, with larger sizes on the seat or on the back, and are covered by technical fabric that is available in five shades. The Husk Outdoor collection also includes two small tables: one with three spokes ø 45 cm, available in the same colour variants as the armchair bases; the other with four spokes ø 62.5 cm, already proposed in indoor spaces, joins the Outdoor collection with single colour versions painted white, black or Corten.

PAPILIO OUTDOOR Naoto Fukasawa 2013

Grande Papilio Outdoor

Grande Papilio Outdoor

Piccola Papilio Outdoor

Mini Papilio Outdoor

Mantenendo la sua plasticità, identica alla versione indoor ma con un aspetto più leggero grazie ai materiali, le sedute Papilio, di Naoto Fukasawa, entrano nella collezione per esterni. Grande Papilio, Piccola Papilio e Mini Papilio, in tutte e tre le dimensioni, si ripresentano con quel carattere monomaterico che la identifica e con un intreccio di polietilene color grigio antracite che si adegua perfettamente alle sue forme. Il pouf segue, naturalmente, Grande Papilio nell'intreccio in polietilene.

As fluid and harmonious as ever, identical to the indoor version, but with a lighter appearance thanks to the materials, the seatings Papilio by Naoto Fukasawa now join the Outdoor Collection. Grande Papilio, Piccola Papilio and Mini Papilio, in all three sizes, display their distinctive single material appeal, with a grey anthracite colour polyethylene interlacing that adapts perfec to their curves. The ottoman, of course, echoes Grande Papilio with polyethylene interlacing.

Struttura	alluminio
Finitura struttura	verniciatura a polvere poliestere

* Gli elementi componibili sono disponibili nella versione destra e sinistra. I disegni riportano la versione destra.
Modular elements are available in right and left version. Drawings show the right version.

Frutto di una sperimentazione avvenuta sul campo, il lavoro di Patricia Urquiola segna un ulteriore approfondimento del tema dell'intreccio. Schienali intrecciati in fibra di polietilene si abbinano a una base in acciaio zincato Corten, nero o bianco verniciato a polvere poliestere, producendo un elemento modulare di due diverse dimensioni, accostabile con estrema libertà a formare sedute lineari, angolari, terminali o chaise longue. Elementi pouf-tavolino possono essere utilizzati sia a intervallare le sedute, sia ad alimentarne la profondità.

The result of field experimentation in the field, Patricia Urquiola's work marks another visitation of the interlacing theme. Interlaced backs in polyethylene fibre matched with base in Corten, black or white galvanized steel with polyester powder painting produce a modular element of two different sizes. The pieces can be easaily combined to form linear, corner, terminal elements or chaise longue. The ottoman-small table pieces can be used between seats, or to add depth to sofas.

Struttura schienale	alluminio

SPRINGTIME Jean-Marie Massaud 2008

SPRINGTIME Jean-Marie Massaud 2008

La collezione progettata da Jean-Marie Massaud si compone di divani e chaise longue con struttura in alluminio verniciato bianco a polvere poliestere, dotati di piedini in acciaio inox, imbottitura in fibra di poliestere e rivestimento in tessuto idrorepellente disponibile in quattro colori. Le chaise longue si presentano in due versioni: singole con ruote oppure doppie con i poggiatesta inclinabili da disporre paralleli o vis à vis e con la possibilità di posizionare elementi d'appoggio tra le sedute. Ulteriori tavolini, sia quadrati sia rettangolari, con piani in mogano, accompagnano le sedute e possono essere dotati di cuscinature. Il divano Springtime combina comfort e rigore formale nella sua doppia versione: con profondità 100 cm e 140 cm. In questa seconda variante più profonda sviluppa il tema della cabane, una sorta di alcova ombreggiata da una leggera copertura in tessuto di poliestere che crea uno spazio intimo e più riposante. Riprende il rigore e la severità della collezione Springtime il tavolo rettangolare. Realizzato in alluminio verniciato bianco e dotato di sostegni in acciaio inox, ha il piano in gres porcellanato grigio diviso in tre settori. La collezione si completa con diversi complementi realizzati in Cristalplant Outdoor® bianco.

Struttura	fusione ed estrusi d'alluminio, verniciatura a polvere poliestere bianca
Piano sedile	pannello in laminato stratificato HPL
Cuscini sedile	poliuretano sagomato a densità differenziata, fodera in fibra di poliestere con trattamento idrorepellente
Telaio interno schienale e bracciolo	acciaio e legno
Imbottitura telaio interno schienale e bracciolo	poliuretano sagomato, fodera in fibra di poliestere con trattamento idrorepellente
Baldacchino con tenda (STT)	tessuto di poliestere, estrusi d'alluminio e acciaio, verniciatura a polvere poliestere bianca
Meccanismo reclinabile chaise longue	alluminio
Cuscino poggiatesta chaise longue	poliuretano sagomato, fodera in fibra di poliestere con trattamento idrorepellente
Ruote chaise longue	acciaio e materiale termoplastico
Piano tavolo (TST220PA)	gres porcellanato grigio
Piano tavolini (ST - TST140A - TST200A)	pannello in multistrato di legno idrofugo, impiallacciato mogano
Struttura tavolini (TST4 - TST7 - TST11)	Cristalplant Outdoor® bianco (carica minerale naturale di idrato d'alluminio con resina poliestere acrilata)
Piedini	acciaio inossidabile
Puntali	materiale termoplastico
Telo di copertura	poliestere su supporto sintetico
Rivestimento	tessuto in categorie limitate

This collection designed by Jean-Marie Massaud is made up of sofas and chaise longue with white polyester powder painted aluminium frames. The pieces have stainless steel feet, polyester fibre upholstery and cover in water-repellent fabric available in four colours. The chaise longue comes in two different models: single with wheels or double with reclining headrests to place parallel or face to face, also with the possibility of placing support elements between the two seats. Other small tables, such as square and rectangular, with mahogany tops can also be outfitted with cushions. The Springtime sofa combines comfort and formal precision in its double version: with depths of 100 cm and 140 cm. The second deeper model plays on the concept of the canopy, a sort of shaded alcove covered in light polyester fabric that creates a very relaxing and intimate space. The rectangular table from the Springtime collection reflects the rigour and austerity of the other pieces. The table is made of white painted aluminium and equipped with stainless steel supports. The top is in grey porcelain stoneware, divided into three sections. The collection also includes several complements realized in white Cristalplant Outdoor®.

Frame	die-cast aluminium and extrusions, white polyester powder painting
Seat top	HPL stratified laminate panel
Seat cushions	shaped polyurethane of different density, cover in water repellent polyester fibre
Back and armrest internal frame	steel und wood
Back and armrest internal frame	upholstery shaped polyurethane, cover in water repellent polyester fibre
Canopy with drapes (STT)	polyester fabric, aluminium and steel extrusions, white polyester powder painting
Chaise longue reclining mechanism	aluminium
Chaise longue headrest cushion	shaped polyurethane, cover in water repellent polyester fibre
Chaise longue wheels	steel and thermoplastic material
Table top (TST220PA)	grey porcelain stoneware
Small tables top (ST - TST140A - TST200A)	water-repellent multilayered wood panel, mahogany veneered

TITIKAKA Naoto Fukasawa 2009

Ripropone la tradizionale tipologia della panca per esterni con linguaggio contemporaneo e si impone per la sua presenza scultorea. E' realizzata in listelli di teak che scendono a terra su entrambi e fronti e si distribuiscono intorno alla struttura in alluminio con un originale andamento ondulatorio creando curve insieme plastiche e funzionali all'ergonomia della seduta.

The traditional typology of the outdoor bench is revamped with contemporary language. It's an impressive piece that resembles a sculpture. Made of teakwood slats that cover the structure to the ground on both front and back, positioned horizontally on the aluminium structure in an original wave-like arrangement to create curves that are both pleasant and ergonomically functional.
