

GUNNI & TRENINO WITH B.SAZZA
A MATCH MADE IN

Listening Heaven

Gunni&Trentino, based in the prestigious Marbella Club on the Golden Mile, has over 40 years of experience in the world of luxury decoration. They have a comprehensive catalogue of over 40,000 products encompassing every area of the home. An interesting aspect of Gunni&Trentino is that they manufacture their own products – an offering that few interior designers can give – therefore they can produce a bespoke kitchen, wardrobe, flooring, coating or bathroom that is totally personal to your preferences and needs. Some of their own works can be seen in the showroom itself. Gunni&Trentino also has an impressive area of raw materials on the first floor of their showroom including natural stone from the best quarries in the world and various wood, tiles and coatings enabling them to also supply to the trade. Gonzalo Moreno, the Director and son of one of the original creators of Gunni&Trentino, is dynamic and passionate about modern designs. He combines his creativity and energy with the experience gained from his family's heritage which has resulted in a very successful showroom. Through Gonzalo's acute business sense, he has managed to obtain the best prices possible from his suppliers without compromising on quality and innovation. They manage projects for professional and private clients, ensuring that the assignment adheres to correct planning, budget control and time management. Gonzalo comments, "We are the designers and suppliers for many residential developments, hotels, restaurants, offices, public spaces and clinics. The success of a project depends on many elements, but without any doubt, organization and project management are paramount to the design and quality provided which is where we excel. We are a well-structured, strong business with a great deal of experience, so we can guarantee the best execution of a project in all of its essential aspects." Gunni&Trentino work with a huge variety of premium brands such as B&B Italia, Maxalto, Devon & Devon, Armari-Casa, Paola Lenti and Poliform to name but a

few and are also an official distributor of the luxury glass mosaic tiles company; Bisazza. This prestigious northern Italian brand produce sparkling mosaic tiles that appear like precious stones in a swimming pool or spa transforming it into a truly magical place. The versatility of Bisazza tiles means that they can be used in many different areas of a home or commercial space offering creative sophistication from a high profile design aspect. Bisazza hit the height of opulence recently with their new macro-tiles in 24 carat gold and glass exuding the ultimate in luxurious majestic splendour. Their gold collections emanate warmth and timeless glamour that is unforgettable. Bisazza is one of the most renowned brands for glass mosaic tiles and they have recently expanded into the world of cement tiles, a development which has further strengthened the Bisazza brand attracting a different kind of clientele. Though cement tiles are sometimes associated with classical design, Bisazza has managed to give their tiles a more contemporary look softening the surface textures working with famous designers from all over the world such as Jaime Hayon, Paola Navone and Patricia Urquiola. As every tile is handmade, every piece is unique.
